Reminders of Him (M)	The literary phenomenon from #1 New York Times bestselling author Colleen Hoover becomes a transformative feature film about motherhood, forgiveness and the power of love to overcome even the worst mistake.
Cold Storage (MA 15+)	Teacake (Joe Keery) and Naomi (Georgina Campbell), two young employees of a self-storage company built on the site of an old US military base, have their wildest night shift ever when a parasitic fungus escapes from the lowest sublevel of the base, where it was sealed by the government decades before. As the temperature rises underground, this highly contagious and rapidly mutating microorganism multiplies and unleashes its brain-controlling, body-bursting terrors on the facility's inhabitants -- human and otherwise. With time running out, it's down to Teacake and Naomi, with the help of a grizzled retired bioterror operative (Liam Neeson), to contain the merciless menace and prevent the explosive extinction of Mankind itself.
Hoppers (PG)	What if you could talk to animals and understand what they're saying? In Disney and Pixar's all-new feature film "Hoppers," scientists have discovered how to "hop" human consciousness into lifelike robotic animals, allowing people to communicate with animals as animals! The adventure introduces Mabel, an animal lover who seizes an opportunity to use the technology, uncovering mysteries within the animal world that are beyond anything she could have imagined.
Project Hail Mary (M)	Science teacher Ryland Grace (Ryan Gosling) wakes up on a spaceship light years from home with no recollection of who he is or how he got there. As his memory returns, he begins to uncover his mission: solve the riddle of the mysterious substance causing the sun to die out. He must call on his scientific knowledge and unorthodox ideas to save everything on Earth from extinction... but an unexpected friendship means he may not have to do it alone
Super Mario Galaxy Movie (PG)	Mario, Luigi and Princess Peach embark on an adventure across the galaxy.
